

Homework {Valentine Cards}

Please work with your child to make Valentine cards for our party on Friday, February 10th. Your child will exchange Valentines with his/her classmates at our party. Your child should complete the "to" and "from" portion of the cards for each child in our class. I have included a class list below so that your child will know exactly how many cards to prepare and how to spell the names of the other children. Please send your child's cards to school in a baggie labeled with your child's name when s/he has completed them. The cards are due by Monday, February 6th. We will pass out our Valentines at school and will open our cards at the party on the 10th. We will also be making our Valentine bags in class. No need to make a box at home!
